## Writing About Your Map

In the space below, write a paragraph that describes your map. In your paragraph, be sure to tell about

- What features are on your map
- Where they are located and **why**
- What it would be like to be in the place you created on your map

Remember to carefully proofread and edit your work for spelling, punctuation, and to be sure that the words make sense.

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

## Your Own Map Quiz!

Now it's your chance to find out what others can learn from your map. You get to be the teacher and write a quiz for someone else to answer!

Write three – five questions and answers about your map. The questions should be about *at least* one of each of the following:

- **directions** (example: *If you were traveling from the swing set to the water fountain, in which direction would you walk?*)
- **location** (example: *Using the grid, tell the location of the \_\_\_\_\_.*)
- **legend** (example: *What is the symbol for the \_\_\_\_\_?*)

Other ideas might include questions about: *Who would use this map, and when, why, or how it might be used.*

Use the “MAP Q & A SHEET” to write your questions and answers. (Use two sheets if you need to). Then, you will write your **questions ONLY** on the “TAKING \_\_\_\_\_’S QUIZ” sheet for someone else to answer. (You can use more than one of these sheets if you have more than three questions.) Keep “MAP Q&A SHEET” to check your answers!
